FIREMEN AND OFFICIALS ENJOY BANQUET

Reliance Engine Company is Host to
Other Companies—Special Watch-
man and Brother Fined.

Alexandria, Va., Feb. 2.—Eighty firemen of the three fire companies of the city, city officials, members of the City Council, representatives of the press, and others to-night enjoyed an elaborate banquet given by the Reliance Engine Company, No. 1, at its headquarters in honor of the Relief Hook and Ladder Company, No. 1, and the Columbia Engine Company, No. 4.

The banquet was served at the company's headquarters. The tables were prettily decorated with palms, ferns, and cut flowers. During the evening many speeches were made and the occasion was enlivened with music, furnished by the Alexandria Ideal Musical Association, under the direction of Prof. M. K. Hamill, while the vocal efforts were led by Gordon Phillips, who gave number of selections, the chorus at times being joined in by the fire ladders. The affair was a most enjoyable one, and marked the first time in the history of the local Fire Department that the three companies have gotten together at a similar affair. Good-fellowship was the order of the evening, and the speakers, among them many City Councilmen, declared their whole-hearted support of the betterment of the Alexandria Fire Department.

At 9 o'clock the assemblage was rapped to order by L. E. Uhler, president of the Reliance Company, who was toastmaster. He introduced H. Noel Garner, who made a welcoming address on behalf of the Reliance company, who was toastmaster. To the small fire losses in Alexandria and the splendid service given by the local fire ladders.

On behalf of the Relief Hook and Ladder Company, John H. Trimyer, its president, made a response. He praised the work of the Fire Department, declaring that Alexandria has one of the best in the United States. Mr. Trimyer also read a letter of greeting from L. E. Lookabill, past State president, of Roanoke, in which he extended greetings to the firemen on this occasion. A poem dedicated to the Reliance Company was then read by Mr. Trimyer.

William A. Smoot, president of the Columbia Company, responded on behalf of that company. He recalled the olden days of fire fighting, when the members pulled the engine to the fire, and of the rivalry then existing. To-day, he said, the fire ladders are working for one cause, and he approved the getting together on such an occasion. Others who made short addresses included Councilman Thomas Chasney, secretary of the fire committee of the City Council; Councilman A. D. Brockett, J. William May, of the Reliance company; Fire Chief Robert E. Cronan, P. P. Marbury, president of the Board of Aldermen; Councilman J. Y. Williams, Councilman J. Fred Birrell; Capt. R. M. Alderman, of the Relief Hook and Ladder company; Capt. E. C. Craven, of the Columbia company; Councilman John Leadbeater, Councilman C. B. Swan, P. J. Justice H. R. Caton, Alderman C. J. W. Schaefer, J. M. Hill, and others.

Chief Wagner, of the Washington Fire Department, was unable to be present. A committee composed of J. Y. Williams, A. D. Brockett, K. W. Ogden, and J. H. Trimyer, to-day waited on the chief, but he expressed regret at his inability to attend the banquet.

Fines of \$20 each were imposed to-day in the Police Court, in the case of Alphus Robey, a special watchman, and his brother, John Robey, who were charged with assaulting Alexander Roy, colored.

Roy testified that the two men came to the house of Virginia Bell, colored, 307 Gibson Street, at 3 o'clock Friday morning, and claimed that they were in search of a colored man, Miller, for whom the police were looking.

Roy said he left the place and started toward the home of Lieut. Sergt. Bettis for the purpose of telling him about the affair. He was followed by the men, whereupon he claimed he was prevented by them from knocking on the door of the home of Sergt. Bettis by the men. He then cried murder. Neighbors were attracted by the cries, and one called up police headquarters.

Roy afterward obtained a warrant for the arrest of Robey.

Virginia Bell, colored, at whose house the men called, also claimed that they came there on Christmas morning, and said they were in search of a colored fugitive, who was not at her house. She claimed they remained for some time in her kitchen.

Alphus Robey denied going to the house, Christmas morning, but admitted that he went there Friday morning, and said he was in search of a colored man whom the police wanted. Justice Caton told him he had no authority to enter the house without a search warrant.

SUPREME COURT QUASHES BILLS

Prosecution of Shoe Machinery Corporation Receives a Setback.

ANOTHER SUIT IS LIKELY

Legality of Leasing System Not Passed Upon Case, Having to Do with Indictments Against Officers.

The Federal government's prosecution of the United Shoe Machinery Company as a combination in violation of the Sherman anti-trust law received a setback at the hands of the United States Supreme Court yesterday. The highest court affirmed the action of the lower court in dismissing the indictments against the officers of the Shoe Machinery Company.

In its decision the Supreme Court held in effect that the United Shoe Machinery Company is a combination in violation of the Sherman anti-trust law, but that it does not constitute a violation of the Sherman anti-trust law. In rendering this decision, however, the court did not pass on the legality of the leasing system used by the United Shoe Machinery Company. This is the system under which the United company leases its machines to shoe manufacturers on a royalty basis. This system has been charged by the Federal government's action. It was alleged that the Shoe Machinery Company refused to lease its machines to manufacturers unless they would agree not to install machines made by any other concern.

Leasing Not Considered.

The lower court construed the indictment against the officers of the Shoe Machinery Company as merely charging the organization of the company with being unlawful, and eliminated the question of the so-called leasing system.

The Supreme Court held that the construction placed by the lower court upon the meaning of the language in the indictment is conclusive on the Supreme Court, and that it was, therefore, unable to review this phase of the case, but was called upon merely to decide whether the organization of the company standing alone in and of itself constituted a violation of the Sherman law.

The action by the Supreme Court ends the criminal proceedings against officers of the United company, unless the government should seek to obtain new indictments covering charges based on the company's leasing practices. The general impression is that this matter will go over to the Wilson administration.

Civil Action Pending.

The government still has a civil action pending against the United company for its disavowal of a combination in restraint of trade. In order to establish the case against the big manufacturing concern, it will be necessary for the government to rely solely on features of the complaint not involved in to-day's decision.

The Department of Justice, in a statement commenting on the effect of the decision, said:

Where the United States takes an appeal in a criminal case, its right in the Supreme Court is simply to have corrected an error of law, which the lower court may make in construing a Federal statute. The United States is bound by any mistake that the lower court may make as to the meaning of the indictment. So in the present case the Supreme Court has simply decided that the tying clauses of the leases were not before it, and that the lower court made no error in holding that the organization of the United Shoe Machinery Company standing alone was not unlawful.

The opinion of the court was delivered by Justice Holmes, and was unanimous.

Insane Janitor Wields Razor with Deadly Effect.

San Francisco, Feb. 2.—While half a dozen patients were sitting in her outer office, awaiting treatment, Herman Cutshick, an insane janitor, entered the private office of Dr. Madeline Johns in the Head Building, then afternoon and slashed her about the face and neck with a razor, causing wounds that probably will prove fatal. Believing his victim dead, Cutshick turned the weapon upon himself, cutting his throat from ear to ear.

Dr. Johns' screams for help were heard by those waiting in the outer office, but the door between the rooms was locked, and they could not force an entrance until it was too late to render assistance. Cutshick had been discharged by the superintendent of the building.
